Employee Club

Enjoy the benefits of working in Vodafone!

July 2013

The Club is a unique membership concept that strives to connect Vodafone employees by building a community-oriented network and offer shopping vouchers and discounted products from high street brands.

Employees can visit their intranet portal, select the category for which they are interested and get special prices on Vodafone partners.

The solution is based on Motivian's reward platform and it is consisted of the following components:

- **Offer Management**

Multi-User web application that enables partners to create numerous types of offers.

- **Order Management**

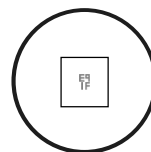

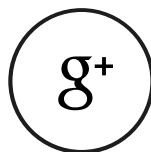

Section in which partners are able to manage and fulfill their online orders.

- **Partner Management**

Web interface that enables administrators to create new partners and provide access based on user roles.
