Document Management

Provision, Implementation and Installation of workflow and document management system

April 2015

The scope of the project is the provision of a document management and workflow system, providing also automated logs monitoring and secured back-up service. RAEK Document Management System will allow the organization to digitize all internal processes, minimizing the operational cost and the completion time of all tasks.

Benefits:

- Completeness and standardization of e-services offered
- Reduced bureaucracy and paperwork
- Reduced employee workload
- Reduced operational cost
